TERRON 9 ELITE 4X4

7 YEAR
200,000KM

LDV WARRANTY
ROADSIDE ASSIST & WOF*

Born for adventure and packed with presence, the LDV TERRON 9 Elite is designed for those who demand more from their ute. Bold in appearance and loaded with performance, technology and comfort, the LDV TERRON 9 Elite is as hard-working as our customers, who need a capable vehicle to get the job done right.

PLENTY OF POWER

This muscular, modern ute is powered by a 2.5L turbo diesel engine producing 163.5kW power and 520Nm torque. The LDV TERRON 9 Elite can also haul heavy loads with up to 3,500kg braked towing capacity.

TECH AND SAFETY

Technology is at the forefront of the LDV TERRON 9 Elite, with features including a 360° camera, Daytime Running Lights (DRL), LED headlights, and a dual 12.3" display combining the infotainment screen and digital instrument cluster. Wireless Apple CarPlay® and Android Auto™ provide seamless smartphone connectivity.

Safety comes standard with features such as Lane Keep Assist, Speed Limit Recognition and a Blind Spot Monitoring System.

REAL DEAL WORKHORSE

Ideal for Kiwi tradies, rural, fleet and corporate customers, LDV TERRON 9 Elite is a genuine 4WD workhorse, equipped with multiple terrain modes, and off-road expert information, including altitude, compass, and approach angle. Its exceptional off-road capability is further enhanced by double-wishbone suspension up front and sturdy leaf spring suspension in the rear. The LDV TERRON 9 Elite is designed to help Kiwi businesses keep working harder every day, with an impressive 1,100kg payload, and a spray-on tray liner with four fixed tie-down points.

CUSTOMISATION

Talk to us about colour choices, customisation, signwriting, parts and accessories – we'll see you right.

- Lane Keep Assist (LKA), Speed Limit Recognition (SLR), Blind Spot Detection (BSD)
- Integrated Cruise Assist (ICA), and Adaptive Cruise Control (ACC)

Disclaimer: Safety technologies may not operate optimally under all driving conditions, operation and effectiveness depends on many factors. Driver is responsible for safe and attentive driving. Safety technologies are not a substitute for the driver's control over the vehicle. See owner's manual for complete details. Payload and tare weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded; the combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM; compliance to New Zealand towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Tare weight includes the vehicle with 10 litres of fuel and all standard equipment excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload and tare weight. When a genuine tow bar with wiring is fitted, and trailer is attached, parking sensors will be disabled.

*The warranty is for a period of 7 years or 200,000kms / 160,000kms for EVs (whichever comes first), from the date of first registration, provided that the vehicle is serviced as per the maintenance schedule set out in the Service & Warranty Booklet. It covers manufacturing defects caused by factors such as design, assembly, and raw materials of the covered parts along with all-inclusive roadside assistance. It excludes routine maintenance, wear-and-tear items, and damage caused by misuse, accidents, or unauthorised repairs. Warranty claims require proof of purchase and service records. This warranty complies with local laws and does not affect your statutory rights. This is valid on all vehicles registered on or after 1 December 2024. For full details, visit <https://ldv.co.nz/warranty/>.
